

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/10/2020

Under ODE's **Ready Schools, Safe Learners** guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Crater Lake Academy
Key Contact Person for this Plan	Stephanie Pogue
Phone Number of this Person	541-879-3620
Email Address of this Person	pogues@craterlakecharter.org
Sectors and position titles of those who informed the plan	Executive Director/Principal: Stepahnie Pogue Curriculum Director/Ast. Principal: Troy Thorne Business/HR Director: Jonathan Bilden High School Lead Teacher: Tracy Huntsman Elementary Lead Teacher: Brandi Schnur School Services Manager: Yvonne Shafer
Local public health office(s) or officers(s)	Jackson County Public Health
Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	Stephanie Pogue
Intended Effective Dates for this Plan	August 2020 through June 2021

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

ESD Region	Southern Oregon ESD

-
3. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

Crater Lake Academy strives to support the diverse needs of students, families, and employees. All Crater Lake Academy families have been surveyed regarding the challenges and successes related to Distance Learning for All and their preferences and comfort level for both in-person and distance learning for the 2020-21 school year. This information along with data related to student engagement and success will be used to identify focal communities of students in need of targeted support.

The Crater Lake Academy staff is dedicated to placing our focal communities at the center of our planning for 2020-21 school year. Across our school, our focal students will have preference to in-person learning. Students with disabilities, emerging bilingual students and those identified as “at-risk” will have access to 4 days a week in-person learning. Remaining students will have access to a hybrid model of in-person and distance learning with full time distance learning being available for students at the request of families.

-
-
-
4. Indicate which instructional model will be used.

Select One:

- On-Site Learning
 Hybrid Learning
 Comprehensive Distance Learning

-
-
-
-
5. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
6. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-16 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dfc75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dfc75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school’s Instructional Model for the effective dates of this plan.

Jackson County does not meet the metrics for hybrid or in-person instructional models at this time. The school district will start with Comprehensive Distance Learning on September 9, 2020. As we continue to respond to the guidance from ODE, we plan to adhere to the exceptions for limited in-person learning and provide all appropriate opportunities available to students.

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDI Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

We have reviewed and planned for implementation expectations for Comprehensive Distance Learning. We are confident our plan will meet the academic conditions, operational conditions, student/family support and digital learning needs for all learners.

Describe the school’s plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

Crater Lake Academy will respond to the metrics the State of Oregon has required. This comprehensive Hybrid plan is the desire of our students, families and staff, but we understand that safety is the first priority for our community. As the metric data continues to rise in our county, the decision to pivot to Comprehensive Distance Learning to begin the year is necessary for planning purposes and to allow our families and staff to focus on this framework. This will be temporary and the district, with county partners, will continue to monitor the data and respond as appropriate. Below are the specific timelines for returning to Hybrid learning/On-site learning (per acceptable metric data):

Grades K-3: Comprehensive Distance Learning through October 12th. The School, in collaboration with community partners, employees and families, will make a decision at least 2 weeks prior to target date, to return to a form of in-person learning or continue with distance learning, depending on the current metric data at the time of the decision. If it is decided to continue with distance learning, a new time frame will be established in returning to hybrid/on-site learning.

Grades 4-12: Comprehensive Distance Learning through November 9th. The School, in collaboration with community partners, employees and families, will make a decision at least 2 weeks prior to target date, to return to a form of in-person learning or continue with distance learning, depending on the current metric data at the time of the decision. If it is decided to continue with distance learning, a new time frame will be established in returning to hybrid/on-site learning.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section.

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Implement measures to limit the spreads of COVID-19 within the school setting. <input checked="" type="checkbox"/> Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19. <input checked="" type="checkbox"/> Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA. 	<ul style="list-style-type: none"> ● Eagle Point School District 9 schools follow the published Communicable Disease Guidance from the Oregon Department of Education and the Oregon Health Authority. ● EPSD9 schools also follow our district’s Communicable Disease Plan. ● EPSD9 schools follow School Board Policies GBEB, GBEB-AR, JHCC, JHCC-AR.

<ul style="list-style-type: none"> ☒ Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school policies and plans. Review relevant local, state, and national evidence to inform plan. ☒ Process and procedures established to train all staff in sections 1 - 3 of the Ready Schools, Safe Learners guidance. Consider conducting the training virtually, or, if in-person, ensure physical distancing is maintained to the maximum extent possible. ☒ Protocol to notify the local public health authority (LPHA Directory by County) of any confirmed COVID-19 cases among students or staff. ☒ Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas. ☒ Process to report to the LPHA any cluster of any illness among staff or students. ☒ Protocol to cooperate with the LPHA recommendations and provide all logs and information in a timely manner. ☒ Protocol for screening students and staff for symptoms (see section 1f of the Ready Schools, Safe Learners guidance). ☒ Protocol to isolate any ill or exposed persons from physical contact with others. ☒ Protocol for communicating potential COVID-19 cases to the school community and other stakeholders (see section 1e of the Ready Schools, Safe Learners guidance). ☒ Create a system for maintaining daily logs for each student/cohort for the purposes of contact tracing. This system needs to be made in consultation with a school/district nurse or an LPHA official. Sample logs are available as a part of the Oregon School Nurses Association COVID-19 Toolkit. <ul style="list-style-type: none"> ● If a student(s) is part of a stable cohort (a group of students that are consistently in contact with each other or in multiple cohort groups) that conform to the requirements of cohorting (see section 1d of the Ready Schools, Safe Learners guidance), the daily log may be maintained for the cohort. ● If a student(s) is not part of a stable cohort, then an individual student log must be maintained. ☒ Required components of individual daily student/cohort logs include: <ul style="list-style-type: none"> ● Child's name ● Drop off/pick up time ● Parent/guardian name and emergency contact information ● All staff (including itinerant staff, district staff, substitutes, and guest teachers) names and phone numbers who interact with a stable cohort or individual student ☒ Protocol to record/keep daily logs to be used for contact tracing for a minimum of four weeks to assist the LPHA as needed. ☒ Process to ensure that all itinerant and all district staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site. ☒ Process to ensure that the school reports to and consults with the LPHA regarding cleaning and possible classroom or program closure if anyone who has entered school is diagnosed with COVID-19. ☒ Protocol to respond to potential outbreaks (see section 3 of the Ready Schools, Safe Learners guidance). 	<ul style="list-style-type: none"> ● CLA work closely with the Local Public Health Authority (LPHA) Jackson County Health and Human Services to coordinate and consult when making decisions. ● Visual screening of all students and staff is outlined in 1f. ● Potentially symptomatic students will be isolated following guidance outlined in 1i. ● CLA's Prevention and Planning, Response, and Recovery and Reentry Protocols are outlined in sections 3a, 3b, and 3c. ● Systematic disinfection of our school spaces will occur and is outlined in sections 2h, 2j, and 3c. ● Contact tracing logs will be maintained and will be kept for a minimum of four weeks at our site to assist the LPHA as needed for each student and each cohort as is outlined in sections 1i, 2e, and 2i. ● All itinerant and all school staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings will keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site to assist the LPHA as needed for each student and each cohort as is outlined in sections 1i, 2e, and 2i. ● The Executive Director will establish, implement, and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA. ● A School wide training covering the ODE Ready Schools, Safe Learners guidance and the Eagle Point School District 9 Schools Operational Blueprint will occur prior to on-site learning. ● Medical staff providing support and resources to the district's and our school's policies and planning include Deborah Hornbacher, BSN, RN (Host School District's nurse), and Terry Keesling, Chief Operation Officer at Rogue Community Health. Our plan follows the ongoing guidance from Jackson County Health and Human Services, and will be submitted to Jackson County Public Health, our LPHA. ● Our staff will be trained on health protocols, tentatively in August or early September.
--	---

1b. HIGH-RISK POPULATIONS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models. <p>Medically Fragile, Complex and Nursing-Dependent Student</p>	<ul style="list-style-type: none"> ● All staff and students are given the opportunity to self-identify as vulnerable or living with a vulnerable family member. <p>Staff *Plan includes classified and teachers self-identifying.</p>

Requirements

- ☒ All districts must account for students who have health conditions that require additional nursing services. Oregon law ([ORS 336.201](#)) defines three levels of severity related to required nursing services:
 1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services.
 2. Medically Fragile: Are students who may have a life-threatening health condition and who may require immediate professional nursing services.
 3. Nursing-Dependent: Are students who have an unstable or life-threatening health condition and who require daily, direct, and continuous professional nursing services.
- ☒ Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law:
 - Communicate with parents and health care providers to determine return to school status and current needs of the student.
 - Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services.
 - Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations.
 - The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the Oregon School Nurses Association.
 - Service provision should consider health and safety as well as legal standards.
 - Work with an interdisciplinary team to meet requirements of ADA and FAPE.
 - High-risk individuals may meet criteria for exclusion during a local health crisis.
 - Refer to updated state and national guidance and resources such as:
 - U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020.
 - ODE guidance updates for Special Education. Example from March 11, 2020.
 - OAR 581-015-2000 Special Education, requires districts to provide 'school health services and school nurse services' as part of the 'related services' in order 'to assist a child with a disability to benefit from special education.'
 - OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion.

- All Redeployed staff will have the option of taking FMLA, work tasks without in-person contact, (i.e., maintenance projects, office work), or leave options
- Redeployed classified staff members assigned to on-line instructional support.
- Redeployed teachers assigned to online primary instruction as lead teacher or supporting teacher per grade band.

Students

- All students identified as vulnerable, either by a physician, or parent/guardian notification, will be enrolled in online instruction with weekly check-ins.
- Students who experience disability will continue to receive specially designed instruction.
- Students with language services will continue to receive English Language Development.

Visitors/Volunteers

- Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel only.

1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
☒ Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all	● Classroom capacity has been determined by establishing a minimum of 35 square feet per person in each learning space. This standard also applies for professional development and staff gatherings.

<p>space in the calculation. This also applies for professional development and staff gatherings.</p> <ul style="list-style-type: none"> ☒ Support physical distancing in all daily activities and instruction, maintaining at least six feet between individuals to the maximum extent possible. ☒ Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc. ☒ Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering). ☒ Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don't employ punitive discipline. ☒ Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings. 	<ul style="list-style-type: none"> ● Extra furniture will be removed and stored to make as much usable space within the classroom and common learning spaces. ● Seating will be assigned to maximize physical distancing and minimize physical interaction. ● Expected physical distancing requirements will be taught and re-taught as needed using age appropriate methods. ● Physical distancing in all daily activities and instruction will be supported, striving to maintain at least six feet between individuals whenever possible. ● Classrooms, hallways, and other spaces will have visual cues (e.g., floor decals, colored tape or signs) to illustrate traffic flow, appropriate six feet spacing, and seating areas. ● Time standing in lines will be minimized. ● Staff should maintain physical distancing during all staff meetings and conferences or meet remotely with web-based meetings. Staff shall also not congregate together for breaks or meals.
---	---

1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Where feasible, establish stable cohorts: groups should be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> ● The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases. ☒ Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools should plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. ☒ Each school must have a system for daily logs to ensure contract tracing among the cohort (see section 1a of the <i>Ready Schools, Safe Learners</i> guidance). ☒ Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms. ☒ Cleaning and wiping surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort. ☒ Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade level learning standards, and peers. ☒ Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts. 	<p>Daily Logs</p> <ul style="list-style-type: none"> ● Staff assigned to each entry door will maintain a daily sign-in log documenting each student who enters for the purpose of contact tracing (see section 2e Logs for Contact Tracing). <p>Cleaning and Hygiene</p> <ul style="list-style-type: none"> ● All frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) will be cleaned between multiple student uses, even in the same cohort. ● Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts. ● Shared objects will be limited as much as possible and cleaned between uses. ● There will be an increase in hand hygiene practices with scheduled times throughout the day for students to wash with soap and water or utilize hand sanitizer. ● Hands must be washed with soap and water before meals and after the bathroom, but hand sanitizer can be used at all other times. <p>Cohorts</p> <ul style="list-style-type: none"> ● Students will not be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. ● Schools will plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. ● All schools will minimize interaction between students in different stable cohorts by scheduling student access to common areas. (e.g., access to restrooms, activities, common areas). ● K-5 grade level cohorts are maintained throughout the year and for each specialized area (special education support, English Language Development, music, PE, etc.) ● Secondary cohorts are maintained in modified scheduling and will be stable each quarter. <p>NOTE: Specific Cohorting plans for individual schools will be shared in each school's plan.</p>

1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease. 	<ul style="list-style-type: none"> ● Prior to on-site learning and/or hybrid instruction, the School COVID Mitigation Team will communicate the infection control measures that are being implemented to prevent the spread of the disease.

- ☒ Develop protocols for communicating with students, families and staff who have come into close contact with a confirmed case.
 - The definition of exposure is being within 6 feet of a COVID-19 case for 15 minutes (or longer).
- ☒ Develop protocols for communicating immediately with staff, families, and the community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding.
- ☒ Provide all information in languages and formats accessible to the school community.

- Disease control measures will continue to be shared throughout the year in periodic intervals.
- The School COVID Mitigation Team will develop protocols for communicating with students, families, and staff:
 - What to do if you suspect you or your family members may be symptomatic?
 - What to do if in close/sustained contact with a confirmed case? The definition of exposure is being within 6 feet of a COVID-19 case for 15 minutes (or longer).
 - How does the district respond when a new case has been confirmed?
- Updated communication will be shared with families and staff at least monthly or as updated information is available.
- Protocols and information will be available on the EPSD9 and our school's website.
- Information will be made available in languages and formats accessible to the school community.

1f. ENTRY AND SCREENING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Direct students and staff to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. COVID-19 symptoms are as follows: <ul style="list-style-type: none"> ● Primary symptoms of concern: cough, fever (of greater than 100.4°F) or chills, shortness of breath, or difficulty breathing. ● Note that muscle pain, headache, sore throat, new loss of taste or smell, diarrhea, nausea, vomiting, nasal congestion, and runny nose are also symptoms often associated with COVID-19. More information about COVID-19 symptoms is available from CDC. ● In addition to COVID-19 symptoms, students should be excluded from school for signs of other infectious diseases, per existing school policy and protocols. See pages 9-12 of OHA/ODE Communicable Disease Guidance. ● Emergency signs that require immediate medical attention: <ul style="list-style-type: none"> ○ Trouble breathing ○ Persistent pain or pressure in the chest ○ New confusion or inability to awaken ○ Bluish lips or face ○ Other severe symptoms ☒ Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from a parent/caregiver/guardian. Staff members can self-screen and attest to their own health. <ul style="list-style-type: none"> ● Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the Ready Schools, Safe Learners guidance) and sent home as soon as possible. ● They must remain home until 24 hours after fever is gone (without use of fever reducing medicine) and other symptoms are improving. ☒ Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19 within the preceding 14 calendar days. ☒ Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school. 	<p>Screening on Entry</p> <ul style="list-style-type: none"> ● Students and staff are directed to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. ● CLA will follow the LPHA's advice on restricting any student or staff known to have been exposed (e.g., by a household member) to COVID-19 within the previous 14 calendar days. ● Staff are required to report to their supervisor when they may have been exposed to COVID-19 or have symptoms related to COVID-19. ● All students will be visually screened for symptoms on entry to bus and school buildings every day. ● Parents will be asked to report actual symptoms when calling in students sick as part of communicable disease surveillance. ● Transportation specific screening protocols will be followed (see section 2i). ● Staff will not screen other staff. <p>Hand Hygiene on Entry</p> <ul style="list-style-type: none"> ● All people entering the building shall wash or sanitize hands on entry to school buildings every day. ● Handwashing stations or hand sanitizer dispensers will be placed by each entrance prior to student entrance to classes, or students will utilize classroom stations to wash hands. <p>Symptomatic Staff and Students</p> <ul style="list-style-type: none"> ● Anyone displaying or reporting the primary symptoms of concern must be isolated and sent home as soon as possible (see section 1i of the Ready Schools, Safe Learners guidance). They must remain home until 24 hours after fever is gone (without use of fever reducing medicine) and other symptoms are improving. ● Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. <p>Existing Conditions</p> <ul style="list-style-type: none"> ● We will not exclude staff or students who have a cough that is not a new onset or worsening cough (e.g., asthma, allergies, etc.) from school.

- ☒ Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol.

--

1g. VISITORS/VOLUNTEERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Restrict non-essential visitors/volunteers. ☒ Visitors/volunteers must wash or sanitize their hands upon entry and exit. ☒ Visitors/volunteers must maintain six-foot distancing, wear face coverings, and adhere to all other provisions of this guidance. ☒ Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been exposed to COVID-19 within the preceding 14 calendar days. 	<ul style="list-style-type: none"> ● Non-essential visitors/volunteers will be unable to work at CLA, or complete other volunteer activities that require in-person interaction, at this time. ● Adult visitors in schools are limited to essential personnel (service providers, contractors, ESD personnel, etc.) only. ● Staff members such as student teachers, substitute teachers, counseling interns, practicum students, and other itinerant staff are not considered visitors. <p>Essential personnel/volunteers/visitors are required to:</p> <ul style="list-style-type: none"> ● Wash or sanitize their hands upon entry and exit to the district's buildings. ● Be visually screened for symptoms during sign-in and will not be allowed to enter if symptomatic. ● Wear a face covering, maintain six feet of physical distance between themselves and others and adhere to all other provisions required by the district.

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Face coverings or face shields for all staff, contractors, other service providers, or visitors or volunteers following CDC guidelines Face Coverings. ☒ Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines Face Coverings. ☒ If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time, the school/team must: <ul style="list-style-type: none"> ● Provide space away from peers while the face covering is removed; students should not be left alone or unsupervised. ● Provide additional instructional supports to effectively wear a face covering; ● Provide students adequate support to re-engage in safely wearing a face covering. ● Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day. ☒ Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students displaying symptoms. School nurses should also wear appropriate Personal Protective Equipment (PPE) for their role. <p>Protections under the ADA or IDEA</p> <ul style="list-style-type: none"> ☒ If any student requires an accommodation to meet the requirement for face coverings, districts and schools should work to limit the student's proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include: <ul style="list-style-type: none"> ● Offering different types of face coverings and face shields that may meet the needs of the student. ● Spaces away from peers while the face covering is removed; students should not be left alone or unsupervised. ● Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease; ● Additional instructional supports to effectively wear a face covering; 	<p>Face Shields and Barriers</p> <ul style="list-style-type: none"> ● Face coverings or face shields will be provided for all CLA staff, contractors, other service providers, or visitors or volunteers following CDC guidelines Face Coverings. All staff, contractors, other service providers, or visitors or volunteers are expected to wear face coverings or face shields. ● All students in grades Kindergarten through Twelfth grade will wear face coverings or face shields following CDC guidelines Face Coverings at school. ● If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time, the teacher will: <ul style="list-style-type: none"> ● Provide space away from peers while the face covering is removed; students should not be left alone or unsupervised. ● Provide additional instructional supports to effectively wear a face covering; ● Provide students adequate support to re-engage in safely wearing a face covering. ● Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day. ● Our District Nurse or other medical personnel providing direct contact care and/or monitoring staff/students displaying symptoms are required to wear appropriate Personal Protective Equipment (PPE) for their role. <p>Protections under the ADA or IDEA</p> <ul style="list-style-type: none"> ● If any student requires an accommodation to meet the requirement for face coverings, CLA will work to limit the student's proximity to students and staff to the extent possible to minimize the possibility of exposure. ● For students with existing medical conditions, doctor's orders to not wear face coverings, or other health related concerns, EPSD9 will not deny access to On-Site instruction. ● CLA will comply with the established IEP/504 plans prior to the closure of in-person instruction in March of 2020. ● CLA will consider child find implications for students who are not currently eligible for, or receiving services under, a 504/IEP who demonstrate an inability to consistently wear a face covering or face shield as required. Ongoing inability to meet this requirement may be

- ☒ For students with existing medical conditions, doctor’s orders to not wear face coverings, or other health related concerns, schools/districts **must not** deny access to On-Site instruction.
- ☒ Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020.
 - If a student eligible for, or receiving services under a 504/IEP, **cannot** wear a face covering due to the nature of the disability, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student’s plan including on-site instruction with accommodations or adjustments.
 2. Placement determinations cannot be made due solely to the inability to wear a face covering.
 3. Plans should include updates to accommodations and modifications to support students.
 - Students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student’s plan.
 2. The team must determine that the disability is not prohibiting the student from meeting the requirement.
 - If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability,
 - If a student’s 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student’s plan prior to providing instruction through Comprehensive Distance Learning.
 3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited on-site instruction, on-site instruction with accommodations, or Comprehensive Distance Learning.
- ☒ Districts must consider child find implications for students who are not currently eligible for, or receiving services under, a 504/IEP who demonstrate an inability to consistently wear a face covering or face shield as required. Ongoing inability to meet this requirement may be evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504.
- ☒ If a staff member requires an accommodation for the face covering or face shield requirements, districts and schools should work to limit the staff member’s proximity to students and staff to the extent possible to minimize the possibility of exposure.

evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504.

- If a staff member requires an accommodation for the face covering or face shield requirements, CLA will limit the staff member’s proximity to students and staff to the extent possible to minimize the possibility of exposure.

1i. ISOLATION MEASURES

<p>☒ Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day.</p> <p>☒ Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day.</p> <ul style="list-style-type: none"> • Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated. • Consider required physical arrangements to reduce risk of disease transmission. • Plan for the needs of generally well students who need medication or routine treatment, as well as students who may show signs of illness. <p>☒ Students and staff who report or develop symptoms must be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by a school nurse, other school-based health care provider or school staff until they are able to go home. Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields.</p> <ul style="list-style-type: none"> • School nurse and health staff in close contact with symptomatic individuals (less than six feet) should wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Consult a nurse or health care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space. • After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. • If able to do so safely, a symptomatic individual should wear a face covering. • To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing. <p>☒ Establish procedures for safely transporting anyone who is sick to their home or to a health care facility.</p> <p>☒ Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms.</p> <ul style="list-style-type: none"> • Symptomatic staff or students should be evaluated and seek COVID-19 testing from their regular physician or through the local public health authority. • If they have a positive COVID-19 viral (PCR) test result, the person should remain home for at least 10 days after illness onset and 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving. • If they have a negative COVID-19 viral test (and if they have multiple tests, all tests are negative), they should remain home until 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving. • If a clear alternative diagnosis is identified as the cause of the person's illness (e.g., a positive strep throat test), then usual disease-specific return-to-school guidance should be followed and person should be fever-free for 24 hours, without use of fever reducing medicine. A physician note is required to return to school, to ensure that the person is not contagious. • If they do not undergo COVID-19 testing, the person should remain at home for 10 days and until 24 hours after fever is 	<ul style="list-style-type: none"> ● The protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day are available at TRE and AAP. ● CLA staff will be provided training by the District Nurse, or school personnel trained by the District Nurse, on the signs of illness, guidelines for isolation, and appropriate measures to take, should a student or staff member display COVID-19 symptoms upon entry to school or at any time during the school day. ● A primary isolation area will be designated for symptomatic Staff and students at all sites. Supervision will be provided by the District Nurse or school personnel trained by the District Nurse. If necessary, secondary isolation areas will be identified in collaboration with the District Nurse and site administrator. ● A separate designated area will be available for "well" students to access health care for routine first aid and medication administration. Symptomatic students will not have access to this area. <p>Exposed or Symptomatic Students and Staff</p> <ul style="list-style-type: none"> ● Students and staff who report or develop symptoms will be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by the District Nurse, other school-based health care provider or school staff until they are able to go home. ● Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields. • School nurse and health staff in close contact with symptomatic individuals (less than six feet) should wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space. • After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. • If able to do so safely, a symptomatic individual should continue to wear a face covering. • To reduce fear, anxiety, or shame related to isolation, a clear explanation of procedures, including use of PPE and handwashing will be provided to exposed or symptomatic students and staff. ● The Administrator or designee at the location of students or staff that have been exposed or are symptomatic will contact parent/guardian or significant other to transport the student or staff member home. If necessary, transportation by bus can be made. ● Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms. ● Symptomatic staff or students should be evaluated and seek COVID-19 testing from their regular physician or through the local public health authority. • If they have a positive COVID-19 viral (PCR) test result, the person should remain home for at least 10 days after illness onset and 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving. • If they have a negative COVID-19 viral test (and if they have multiple tests, all tests are negative), they should remain home until 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving. • If a clear alternative diagnosis is identified as the cause of the person's illness (e.g., a positive strep throat test), then usual disease-specific return-to-school guidance should be followed and person should be fever-free for 24 hours, without use of
--	---

gone, without use of fever reducing medicine, and other symptoms are improving.

- ☒ Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists).
- ☒ Record and monitor the students and staff being isolated or sent home for the LPHA review.

fever reducing medicine. A physician note is required to return to school, to ensure that the person is not contagious.

- If they do not undergo COVID-19 testing, the person should remain at home for 10 days and until 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving.
- CLA will record and monitor the students and staff being isolated or sent home for the LPHA review.

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for higher risk activities (see section 5f of the **Ready Schools, Safe Learners** guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Enroll all students (includes foreign exchange students) following the standard Oregon Department of Education guidelines. ☒ Do not disenroll students for non-attendance if they meet the following conditions: <ul style="list-style-type: none"> ● Are identified as high-risk, or otherwise considered to be part of a population vulnerable to infection with COVID-19, or ● Have COVID-19 symptoms for 10 consecutive school days or longer. ☒ Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns. 	<p>All students will be enrolled following the Oregon Department of Education guidelines.</p> <ul style="list-style-type: none"> ● Students and families will be given the option to enroll in On-site, Hybrid learning or off-site/online only learning based upon ODE metrics for re-opening. ● Hybrid learning and off-site only learning opportunities will utilize parallel planning, allowing symptomatic students to continue learning during a medical absence. <p>No student will be dropped for non-attendance if they meet the following conditions:</p> <ul style="list-style-type: none"> ● Are identified as vulnerable, or otherwise considered to be a part of a population vulnerable to infection with COVID-19. ● Have COVID-19 symptoms for the past 14 days. <p>The CLA attendance policy attendance will account for students who do not attend in-person due to student or family health and safety concerns. See 2b.</p>

2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Grades K-5: Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning). ☒ Grades 6-12: Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning). ☒ Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health. 	<p>Attendance will be taken at least five times per week for Grades K-12 for all students enrolled in school regardless of the instructional model (Hybrid or Comprehensive Distance Learning).</p> <ul style="list-style-type: none"> ● Attendance includes both participation in class activities and interaction with a licensed or registered teacher during a school day or interactions with educational assistants through teacher designed and facilitated processes. ● CLA will promote student engagement and consistent attendance through culturally responsive and relevant scheduling decisions that promote whole student wellness. ● Interaction can be evidenced by any of the following or reasonable equivalents: <ul style="list-style-type: none"> ● Participating in a video class; ● Communication from the student to the teacher via chat, text message or email;

- A phone call with the student, or, for younger students, with the parent;
- Posting completed coursework to a learning management system (Canvas) or web-based platform (Seesaw, Google Classroom) or via email; or
- Turning in completed coursework on a given day.
- CLA attendance staff will notify Administrator when absence rate has reached 10% or more.
- CLA will provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver’s work schedule, and mental/physical health.

2c. TECHNOLOGY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Update procedures for district-owned or <i>school-owned</i> devices to match cleaning requirements (see section 2d of the Ready Schools, Safe Learners guidance). ☒ Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements. 	<ul style="list-style-type: none"> ● CLA has and will continue to conduct and confirm family technology connectivity ● CLA will provide all students with a label for their assigned school-owned device prior to returning to school. ● CLA will continue to keep school-issued devices chargers at home and review daily care and routines for the devices. ● CLA will maintain teacher and administrator issued laptops and iPads and support users with remote needs. Hotspots are assigned as needed. ● CLA has established Canvas as the district platform to facilitate continuous learning experiences that occur on-site and in a distance learning setting (off-site); include options for digital learning and provision for non-digital distance learning per parent request. ● CLA supports all users with Canvas; including student and parent training and resources. <p>CLA will review technology policies and data privacy policies with all stakeholders.</p> <ul style="list-style-type: none"> ● CLA will continue technology support services for families with translation services to meet the needs of all. ● CLA will issue loaner devices as needed for students with broken devices.

2d. SCHOOL SPECIFIC FUNCTIONS/FACILITY FEATURES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Handwashing: All people on campus should be advised and encouraged to wash their hands frequently. ☒ Equipment: Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use. ☒ Events: Cancel, modify, or postpone field trips, assemblies, athletic events, practices, special performances, school-wide parent meetings and other large gatherings to meet requirements for physical distancing. ☒ Transitions/Hallways: Limit transitions to the extent possible. Create hallway procedures to promote physical distancing and minimize gatherings. ☒ Personal Property: Establish policies for personal property being brought to school (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If personal items are brought to school, they must be labeled prior to entering school and use should be limited to the item owner. 	<p>Handwashing: All students will have access to hand washing before meals and snacks are served and after restroom use. Opportunity for frequent hand washing/sanitizer stations will be provided throughout the school day when students are present.</p> <p>Equipment: All classroom supplies, playground equipment (to CDC standards) and PE equipment will be cleaned and sanitized before use by another cohort group. Sharing of classroom supplies will be limited.</p> <p>Safety Drills: During fire drills (and all other safety drills), all cohort classes will be physically distanced during exit, recovery, and reentry procedures. Schools will consult local fire/police department to ensure safety of all students/staff.</p> <p>Events: Field trips will be reviewed individually by the principal in consultation with the district office and will need to meet social distancing, safety precautions and ensure proper supervision. All assemblies, special performances, school-wide parent meetings and other large gatherings</p>

will be cancelled, held in a virtual format, or designed in a manner that allows appropriate physical distancing to be maintained throughout.

Transitions/Hallways:

Hallway traffic direction marked to show travel flow. Lining up will be limited and used only when necessary, socially distanced, and visibly marked.

Personal Property:

Each classroom will have a limit on the number of personal items brought in to school. A full list will be sent home prior to class starting with allowable items (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, etc.). If personal items are brought to school, they must be labeled prior to entering school and not shared with other students.

Restrooms:

Each cohort will have designated restroom schedules alleviating waiting and large groups. If this cannot be maintained, the restrooms will be cleaned multiple times throughout the day.

2e. ARRIVAL AND DISMISSAL

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal procedures. ☒ Create schedule(s) and communicate staggered arrival and/or dismissal times. ☒ Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the <i>Ready Schools, Safe Learners</i> guidance). ☒ Ensure accurate sign-in/sign-out protocols to help facilitate contact tracing by the LPHA. Sign-in procedures are not a replacement for entrance and screening requirements. Students entering school after arrival times must be screened for the primary symptoms of concern. <ul style="list-style-type: none"> ● Eliminate shared pen and paper sign-in/sign-out sheets. ● Ensure hand sanitizer is available if signing children in or out on an electronic device. ☒ Ensure hand sanitizer dispensers are easily accessible near all entry doors and other high-traffic areas. Establish and clearly communicate procedures for keeping caregiver drop-off/pick-up as brief as possible. 	<p>Screening Students:</p> <ul style="list-style-type: none"> ● Students will be visually screened by the CLA staff upon arrival. ● When the screening indicates that a student may be symptomatic, the student is directed to the designated isolation area to be further screened. <p><i>*Follow established protocol from CDMP (see section 1a). Screening will include updating the cohort or individual student logs</i></p> <p>Contact Tracing Protocol</p> <p>CLA staff members will be assigned to all entrances to our school. They will use a sign-in/sign-out protocol to help facilitate contact tracing.</p> <ul style="list-style-type: none"> ● Students may sign in and out using a QR code for exiting the classroom and reentering. The supervising adult can also record student entrance and exit. <p>Arrival of all Students and Cohorts</p> <ul style="list-style-type: none"> ● Physical distancing, stable cohorts, square footage, and cleaning requirements will be maintained during arrival procedures. ● CLA will work with Transportation to determine student staggered drop off times. This will also be clearly communicated to all of the school’s parents/guardian. The need to keep drop-off interactions as brief as possible will also be shared with families. ● All students are assigned to at least one cohort. ● Students or cohorts will be assigned to use an entrance and exit; all classes with outside doors will utilize this entrance. ● Each teacher or designee will use a sign-in/sign-out protocol to help facilitate contact tracing. <ul style="list-style-type: none"> ● Students may sign in and out using a scan code for exiting the classroom and reentering. Or, staff will fill in the information and not allow a shared pen/paper. ● Hand sanitizer will be available at reception to use in conjunction with arrival/dismissal and sign-in/sign-out. ● Handwashing stations or hand sanitizer dispensers will be placed near all entry doors and other high-traffic areas. ● Specific areas will be marked to designate one-way traffic flow for transitions of traffic for vehicles and on-foot. <p>Dismissal:</p> <ul style="list-style-type: none"> ● Physical distancing, stable cohorts, square footage, and cleaning requirements will be maintained during dismissal procedures.

- Students will remain in their assigned cohort at the end of the day until released by cohort.
- Upon release, all students in the cohort will go directly to their bus or departure point from campus.
- For families with multiple children in different cohorts, outdoor spaces will be utilized to maintain cohort groups and ensure student supervision.
- All classes with outside doors will utilize this exit.
- CLA will work with Transportation to determine student staggered pick up times. This will also be clearly communicated to all of the school's parents/guardian. The need to keep pick-up interactions as brief as possible will also be shared with families.
- Specific areas will be marked at CLA to designate one-way traffic flow for transitions of traffic for vehicles and on-foot.
- CLA has established this protocol for students whose parent/guardian is late picking them up.

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>☒ Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times.</p> <p>☒ Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff.</p> <p>☒ Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized immediately.</p> <ul style="list-style-type: none"> ● Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<p>Seating: Classroom layout will allow for desks/tables to be at least 6 feet apart and students will be assigned to the same seat at all times.</p> <p>Materials: Each classroom will limit sharing of community supplies when possible (e.g., scissors, pencils, etc.). If needed to share, these items will be cleaned frequently. Hand sanitizer and tissues will be available for use by students and staff.</p> <p>Handwashing: Students will be reminded (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized immediately.</p> <ul style="list-style-type: none"> ● Hands should be washed with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol <p>Furniture: All upholstered furniture and soft seating will be removed from CLA</p> <p>Classroom Procedures:</p> <ul style="list-style-type: none"> ● All K-7 classes will use an assigned cubby or storage spaces for individual student belongings; ● High school students will carry personal belongings (i.e., in backpacks). ● Shared restroom/hall passes will not be used. ● All shared spaces (e.g., cafeteria, library, gymnasium) will be cleaned between cohort use. <p>Signage: Each class and hallway will have visual aids (e.g., painter's tape, stickers, etc.) to illustrate traffic flow, appropriate spacing, assigned seating areas.</p> <p>Environment:</p> <ul style="list-style-type: none"> ● When possible, windows will be open in the classroom before students arrive and after students leave. ● Each classroom will hold classes outside when possible and encourage students to spread.

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OHA/ODE Requirements	Hybrid/Onsite Plan
----------------------	--------------------

<ul style="list-style-type: none"> ☒ Keep school playgrounds closed to the general public until park playground equipment and benches reopen in the community (see Oregon Health Authority’s Specific Guidance for Outdoor Recreation Organizations). ☒ After using the restroom students must wash hands with soap and water for 20 seconds. Soap must be made available to students and staff. ☒ Before and after using playground equipment, students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol. ☒ Designate playground and shared equipment solely for the use of one cohort at a time. Disinfect at least daily or between use as much as possible in accordance with CDC guidance. ☒ Cleaning requirements must be maintained (see section 2j of the Ready Schools, Safe Learners guidance). ☒ Maintain physical distancing requirements, stable cohorts, and square footage requirements. ☒ Provide signage and restrict access to outdoor equipment (including sports equipment, etc.). ☒ Design recess activities that allow for physical distancing and maintenance of stable cohorts. ☒ Clean all outdoor equipment at least daily or between use as much as possible in accordance with CDC guidance. ☒ Limit staff rooms, common staff lunch areas, and workspaces to single person usage at a time, maintaining six feet of distance between adults. 	<ul style="list-style-type: none"> ● Playground(s) will remain closed for public use. Schools will post adequate signs sharing this information with the public. At that point, classes may use the playground for recess on a staggered schedule throughout the school day. ● All playground structures will be disinfected daily and in between each cohort group. ● Playground supplies: Each cohort group will use their own playground supplies (e.g., balls, jump ropes, etc.). ● After using the restroom, students will wash hands with soap and water for 20 seconds. Soap is available to students and staff. ● Before and after using playground equipment, students will wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol. ● Cleaning requirements will be maintained; ● Recess activities will be planned to support physical distancing and maintain stable cohorts. This can include limiting the number of students on one piece of equipment, at one game, etc. ● Given the lessened capacity for equipment use due to cohorting and physical distancing requirements, staff will set expectations for shared use of equipment by students and may need to support students with schedules for when specific equipment can be used. ● Staff rooms, common staff lunch areas, and workspaces will be limited to single person usage at a time, maintaining six feet of distance between adults.
--	---

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include meal services/nutrition staff in planning for school reentry. ☒ Staff serving meals must wear face shields or face covering (see section 1h of the Ready Schools, Safe Learners guidance). ☒ Students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol before meals and should be encouraged to do so after. ☒ Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items) in classrooms where meals are consumed. ☒ Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts. ☒ Adequate cleaning of tables between meal periods. ☒ Since staff must remove their face coverings during eating and drinking, staff should eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces. 	<p>Sodexo and CLA will continue to provide meal service to students on-site (and off-site to the extent possible) and in compliance with Federal requirements for meals.</p> <ul style="list-style-type: none"> ● Health and safety standard protocols will be followed by staff. ● Cleaning and disinfecting of facilities will align with CDC Cleaning and Disinfecting School Guidance. ● Face coverings and gloves will be required for Food and Nutrition Services workers and other staff at all times when serving food and cleaning or sanitizing an item or surface. ● Each table/desk will be cleaned prior to meals being consumed. ● All students must wash or sanitize hands prior to meals and should be encouraged to do so after. If possible, this should be done in the classroom. If not, student hand sanitizer is available in the cafeteria. ● CLA have a plan for consuming school meals. ● Physical distancing requirements will be maintained in transit. ● If students pick up food, touch-points in the cafeteria will be sanitized between stable cohorts. ● Transported trays/carts will be sanitized between deliveries to stable cohorts. ● All meals will be eaten in the classroom or designated area with cohort groups. ● Students will not share food, utensils, or other items during meals. ● Since staff must remove their face coverings during eating and drinking, staff should eat snacks and meals independently, and not in staff rooms when other people are present.

2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include transportation departments (and associated contracted providers, if used) in planning for return to service. ☒ Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of 	<p>This plan has been created in conjunction with the EPD9 Transportation team.</p> <p>Bus drivers are required to wear face coverings or facial shields when not actively driving and operating the bus. If a driver chooses a face</p>

<p>the bus (see section 2j of the <i>Ready Schools, Safe Learners</i> guidance).</p> <ul style="list-style-type: none"> ☒ Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This can be done at the time of arrival and departure. <ul style="list-style-type: none"> ● If a student displays COVID-19 symptoms, provide a face shield or face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student. ● If arriving at school, notify staff to begin isolation measures. <ul style="list-style-type: none"> ○ If transporting for dismissal and the student displays an onset of symptoms, notify the school. ☒ Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. ☒ Drivers wear face shields or face coverings when not actively driving and operating the bus. ☒ Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings). ☒ Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines applying the guidance in section 1h of the <i>Ready Schools, Safe Learners</i> guidance to transportation settings. 	<p>shield, the shield may be lifted when driving, but face covering must remain on.</p> <p>Each bus driver/staff will be required to:</p> <ul style="list-style-type: none"> ● Follow entry and screening procedures (training will be provided by the District Nurse). ● Remind all students in grades Kindergarten and up to follow CDC guidelines by wearing face coverings or face shields. ● Visually screen students for illness. <ul style="list-style-type: none"> ● If a student displays COVID-19 symptoms, provide a face shield or face covering (unless they are already wearing one) and keep six feet away from others. ● Continue transporting the student. ● If arriving at school, notify staff to begin isolation measures. ● If transporting for dismissal and the student displays an onset of symptoms, the bus driver will notify the TRE or AAP office. ● Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. ● Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings) ● Clean and sanitize buses on a regular basis and as directed with the product used. Targeted cleanings of frequently touched surfaces of the bus (see section 2j).
--	--

2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Clean, sanitize, and disinfect frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (CDC guidance) environments, including classrooms, cafeteria settings and restrooms. ☒ Clean and disinfect playground equipment at least daily or between use as much as possible in accordance with CDC guidance. ☒ Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students. ☒ To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds. ☒ Operate ventilation systems properly and/or increase circulation of outdoor air as much as possible by opening windows and doors, using fans, and through other methods. Consider running ventilation systems continuously and changing the filters more frequently. Do <u>not</u> use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. For example, do not use fans if doors and windows are closed and the fans are recirculating the classroom air. ☒ Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments. ☒ Facilities should be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see CDC's guidance on disinfecting public spaces). ☒ Air circulation and filtration are helpful factors in reducing airborne viruses. Consider modification or enhancement of building ventilation where feasible (see CDC's guidance on ventilation and 	<p>All frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) will be cleaned between uses at least 3 times per day.</p> <p>Operations of Outside Air</p> <ul style="list-style-type: none"> ● Minimum of 5% open during unoccupied or when temperature is too high or too low. All of the OSA setups are per ASHRAE standards for building size and occupancy level and our regional zone. In our newer schools we have digital controls to set and monitor outside air intake, as well as CO2 levels in the buildings. We also have manual dampers on some of the older systems that are set at 75% open when the unit is in operation, with no adjustment needed. ● The school has a mechanical economizers and digitally controlled outside air dampers, that provide fresh air to the classrooms and buildings. These also have an external heating element that will assist in tempering the air at lower temps prior to it entering the space. These are also set at the required level as per ASHRAE and installation instructions, or 10% minimum, based on our region. Each system has built up economizers that will bring fresh air into the building and also have a power exhaust that will remove air from the system and works in conjunction with the economizer. Again these are set at the required setting and have a minimum setting of 10% in inclement temperatures. <p>*Filters currently in use are Merv 8, which assist in the removal of particles from the air stream at least 3 times per year.</p>

[filtration](#) and [American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance](#)).

2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> OAR 581-022-2220 Health Services, requires districts to “maintain a prevention-oriented health services program for all students” including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs.</p> <p><input checked="" type="checkbox"/> Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC).</p>	<p>CLA will collaborate with health professionals to help determine priorities.</p> <ul style="list-style-type: none"> ● CLA will provide age appropriate hand hygiene and respiratory etiquette education to endorse prevention. This includes website, newsletter and signage in the school setting for health promotion. ● CLA will practice appropriate communicable disease isolation and exclusion measures. ● LCA staff will participate in required health services related training to maintain health services practices in the school setting. ● COVID-19 specific infection control practices for TRE and AAP staff and students will be communicated. ● CLA Staff will review of 504 and IEP accommodations and IHP’s will be advised to address vulnerable populations. Immunization processes will be addressed as per routine timeline, which prioritizes the beginning of the year and new students. Information for immunization clinics will be provided to families. ● Continuity of existing health management issues will have a plan for sustaining operations alongside COVID-19 specific planning (i.e. medication administration, diabetic care).

2l. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach:</p> <ul style="list-style-type: none"> ● Contact tracing ● The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. ● Quarantine of exposed staff or students ● Isolation of infected staff or students ● Communication and designation of where the “household” or “family unit” applies to your residents and staff <p><input checked="" type="checkbox"/> Review and take into consideration CDC guidance for shared or congregate housing:</p> <ul style="list-style-type: none"> ● Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible ● Ensure at least 64 square feet of room space per resident ● Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; ● Configure common spaces to maximize physical distancing; ● Provide enhanced cleaning; ● Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs. 	<p>CLA does not have a boarding school or residential program.</p>

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OHA/ODE Requirements	Hybrid/Onsite Plan
----------------------	--------------------

<ul style="list-style-type: none"> ☒ Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level. ☒ Establish a specific emergency response framework with key stakeholders. ☒ When new cases are identified in the school setting, and the incidence is low, the LPHA will provide a direct report to the district nurse, or designated staff, on the diagnosed case(s). Likewise, the LPHA will impose restrictions on contacts. 	<p>CLA will establish a School COVID Mitigation Team which includes at minimum the host school district (Eagle Point School District 9 - EPSD9) District Nurse,, the Executive Director, the Curriculum Director and the Business/HR Director with defined team member roles and contact information.</p> <ul style="list-style-type: none"> ● CLA will share School COVID Mitigation Team member names and contact information with LPHA. ● CLA will identify baseline absentee rates in order to determine if rates have increased by 10% or more at any given time. <p>CLA will notify EPSD9 District Nurse when rates each threshold.</p> <ul style="list-style-type: none"> ● The District Nurse will review data, evaluate illness symptoms for absenteeism, and notify LPHA if COVID-19 symptoms are present, if there is a common set of symptoms relating to increased absenteeism, or if there are any confirmed COVID-19 cases among students or staff. ● The District Nurse will notify the School Mitigation Team. ● District Nurse and Administrative Directors will collaborate with LPHA and follow their direction to determine next steps which may include: <ul style="list-style-type: none"> ○ Parent/guardian communications ○ Potential exposure notifications ○ Temporary student exclusions ○ Temporary school or cohort exclusions ○ Modification or cancellation of school events ○ School closure ● The LPHA will recommend in-person school closures or restrictions, as they learn about new cases.
--	--

3b. RESPONSE

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Follow the district’s or school’s outbreak response protocol. Coordinate with the LPHA for any outbreak response. ☒ If anyone who has been on campus is known to have been diagnosed with COVID-19, report the case to and consult with the LPHA regarding cleaning and possible classroom or program closure. <ul style="list-style-type: none"> ● Determination if exposures have occurred ● Cleaning and disinfection guidance ● Possible classroom or program closure ☒ Report to the LPHA any cluster of illness (2 or more people with similar illness) among staff or students. ☒ When cases are identified in the local region, a response team should be assembled within the district and responsibilities assigned within the district. ☒ Modify, postpone, or cancel large school events as coordinated with the LPHA. ☒ If the school is closed, implement Short-Term Distance Learning or Comprehensive Distance Learning models for all staff/students. ☒ Continue to provide meals for students. ☒ Communicate criteria that must be met in order for On-Site instruction to resume and relevant timelines with families. 	<p>In response to an outbreak of COVID, CLA will follow the School Communicable Disease Plan (available online), collaborate with LPHA, and follow LPHA guidance.</p> <ul style="list-style-type: none"> ● In the event of a closure, CLA will initiate short-term school closure with Distance Learning for All and continued food services. ● CLA events will be modified, postponed, or cancelled as coordinated with the LPHA. ● The School Director Team with the District Nurse and LPHA will convene to develop clear communication regarding the criteria which must be met in order for on-site instruction to resume. <p>For Suspected or Known Individual or Family COVID-19 Cases:</p> <ul style="list-style-type: none"> ● The District Nurse will be immediately notified by CLA or via LPHA. ● If notified by CLA, District Nurse will contact family and health care provider, if appropriate, to gather data and contact LPHA ● If notified by LPHA, the District Nurse will notify School Districts, and collaborate with LPHA, providing log sheets, attendance information, and potential contact information to LPHA following their direction to determine next steps as listed above. ● Every effort will be made to maintain student confidentiality. <p>For Regional Impact</p> <ul style="list-style-type: none"> ● The School COVID Mitigation Team inclusive of District Nurse, Executive Director, Director of Curriculum, and Director of Business & HR will collaborate with LPHA to determine and address any steps needed under the direction of the LPHA.

3c. RECOVERY AND REENTRY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Plan instructional models that support all learners in Comprehensive Distance Learning. ☒ Clean, sanitize, and disinfect surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) 	<p>Plans for hybrid learning and off-site only learning will allow CLA to move to off-site distance learning in the event of school closure.</p> <ul style="list-style-type: none"> ● If school closure is advised by the LPHA, consultation will occur

and follow [CDC guidance](#) for classrooms, cafeteria settings, restrooms, and playgrounds.

- Communicate with families about options and efforts to support returning to On-Site instruction.
- Follow the LPHA guidance to begin bringing students back into On-Site instruction.
 - Consider smaller groups, cohorts, and rotating schedules to allow for a safe return to schools.

between legal, union, and district administration to ensure processes are consistent with legal preparedness processes.

- CLA will follow LPHA guidance regarding the return of students and staff for on-site instruction.
- CLA will communicate with families about options and efforts to support returning to hybrid learning and share estimated timeline for re-opening.
- CLA will consult with LPHA for guidance on cleaning, sanitizing and disinfecting surfaces and follow CDC guidance for classrooms, cafeteria settings, restrooms, and playgrounds before re-opening.

ASSURANCES

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section. This section does not apply to private schools.

- We affirm that our school plan has met the requirements from ODE guidance for sections 4, 5, 6, 7, and 8 of the **Ready Schools, Safe Learners** guidance.
- We affirm that we cannot meet all of the ODE requirements for sections 4, 5, 6, 7 and/or 8 of the **Ready Schools, Safe Learners** guidance at this time. We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met

Provide a Plan and Timeline to Meet Requirements
Include how/why the school is currently unable to meet them
